Welcome home

Discover our durable packaging solution

Maison 1608 is a creative agency of experts in personalized brand content, graphic design, strategy and content marketing. With every new project, we challenge ourselves to meld creativity, skill and our legendary flair, to elevate your brand to new heights.

We are thrilled to offer Solisco's latest innovative product: cardboard packaging.

MAISON 1608
BY SOLISCO

Innovate with a cardboard packaging product: choose prestige, flexibility, and performance

A growing number of companies are choosing cardboard—an environmental solution made with recyclable fibre from a single material.

By replacing or complementing envelopes, creative and attractive cardboard boxes, sleeves, cases and other packaging make promotion, purchasing and product discovery even more exciting.

Maison 1608 and Solisco combine their areas of expertise to offer personalized conception and creation solutions for cardboard sleeves and cases in a range of sizes, shapes and colours. Go all in, make your brand unique by selecting a creative and innovative cardboard packaging!

Get your brand message out there, environmentally and sustainably
